Knights of the Maccabees.

The joint musical and social entertainment given by the hives and tents of Salt Lake City last Thursday evening was a great success. About 259 Maccabees and their friends were in attendance and spent a most enjoyable evening. All the musical numbers were well rendered and called for many encores. The instrumental duet by Profs Berkhoel and Sullivan, the songs by the Utonian Tent quartette, the instrumental duet by Misses Oatman and Lundquist, the song of Miss Margaret Metras, accompanied by Profs Berkhoel and Lundquist, a vocal trio by Messrs. West, McCarroll and Lewis, and the plane sole by Miss Banks, made up the fine musical programme, which, with cards and refreshments, made a Maccabee evening long to be remembered.

On next Thursday evening, March 25, Salt Lake City tent No. 2, assisted by Utonian tent No. 12, will debate the following question: "Resolved, That it is for the best interests of the people of the Inited States that foreign emigration be prohibited into this country for the period of ten years." The following song regarding littles was written by H. Mathen in Salt Lake in 1855. Mr. Mathen was an actor and a member of the stock company here in the long age. It was cepted by a friend of Mathen in 1868 and this manuscript copy was handed The Tribune yeaterday by a well known Salt Laker, to whose possession the copy has been for thirty-flye system. The song is song today by the interarch more loudly than ever.

'Come Mormons all, sitention pay, Whilst I attempt to sing my lay: Fee chosen for my text today.

the entire West who have received checks for their February services. The others probably will not be puld for work performed last menth before next August. The reason for this condition is that the mail car carrying checks for Western weather bureau employees was burned in Maryland shortly after leaving Washington, and all of the mail on board, with the exception of one pouch for Lincoln, Neb., was destroyed. In some manner the Lincoln pouch escaped the fames and the weather bureau employées there received their pay at the usual time.

The Cherenne employees escaped the less of their checks because there had been a mistake in a woucher which held up payment here for a few days.

The Government will not replace a lost of destroyed check short of six months from date of issue, so the other weather bureau employees must wait for their February compensation. PORTLAND, Or., March D.-Interest in the live stock show to be held in connection with the Lewis and Clark exposition which will be held in Portland from June 1 to October 15 next, is increasing daily, and the inducement of over \$50,000 in prizes, which is offered to stockraisers, is certain to attract all the leading stockmen of the country to the exposition

The managers of the Western World's fair, have decided to hold the horse show from August 25 to September 8, and the shows of cattle, swine, sheep and goats from September 12 to September 29. The other dates will be announced later.

The leading Stockraisers associations of the country have shown their interest in the exposition's enterprise by contributing generously to the fund set aside for prizes, and their hearty co-operation is assured. The National Live Stock association has appropriated \$550. McLoughin Brothers of Kanass City \$250, the Percheron Horse Registry association \$200 for premiums on Percheron horses, the American Shorthorn Breeders' association \$200 for premiums on shorthorns and the American Hereford Breeders' association \$100 for premiums on Hereford cattle. This, with the \$0.000 appropriated from the exposition funds for the purpose, brings the grand total of pize money up to \$51,000. The premiums offered by the Lewis and Clark fair management are divided as follows.

Great Goat Show.

Great Goat Show.

The American Angora Goat association, whose animal shows at Kansas City have attracted a great deal of attention, both among raisers of goals and among people generally, who have watched the progress of the comparatively new industry of goat raising, will held its annual show this year for the first time west of Kansas City. The show at the Lewis and Clark exposition will be the greatest goat show ever held.

While the interest in the stock show has been general throughout the United States, and a generous participation by all the large stockraisers of the Union is assured, the show will especially interest Eastern visitors to the fair on account of the fact that at the exposition the stockraisers of the Oregon country will be more generally represented than ever before. The value of the live stock in 1904 in the State of Oregon was nearly \$24,000,000. These were almost 125,000 dairy cows in the State, almost 29,000 horses and mules, over 1,000,000 sheep and lambs, and almost 39,000 swine.
